

Child Computer Time Contract

I, _____ Child's Name _____, understand that computer use is a privilege and that my parents have rules in place to keep me safe. I will follow these rules and ask questions if there's something I don't understand:

- Computer use is limited to number hours a day, not including homework use.
- I can use the computer only when my homework and other chores are done (unless my parents grant permission.) If my grades fall or I develop behavior problems, I understand that my computer privileges can be revoked.
- I will not enter any site that requires me to be over 18.
- I will not open any attachments or click on any links from people or websites I don't know.
- I will not buy or download any software, product, game, video, song or upgrade without asking my parents' permission first.
- I will not give out my password, full name, address or phone number to anyone online without asking my parents' permission first.
- I will not agree to meet with anyone I meet online without asking my parents' permission AND being accompanied by a chaperone.
- I will use clean, respectful language when posting or interacting online.
- I understand that my parents will monitor the sites that I look at and know my passwords in order to keep me safe.
- If I feel worried, scared, confused or unsure, I will talk to my parents or a trusted adult.

We, _____ Parents' Names _____, agree to abide by the following conditions in order to promote safety and build trust:

- We will keep safe searches on and keep a log of passwords and safe, recommended sites.
- We will monitor link clicks in order to ensure safe behavior.
- We will allow our child to start a social media site in order to build friendship networks.
- We will make every effort to get to know our child's online friends in the same way we get to know his/her friends from school.
- We will be open and understanding to any issue or problem our child encounters on the internet, and make every attempt to solve it calmly and informatively.
